

## Maine Juniors Volleyball Club Player & Coach Form

*Players, the purpose of this form is for Maine Juniors to gather more information regarding your background in volleyball. For 9th-11th grade players, items 4-9 are particularly intended to encourage you to discuss your involvement with Maine Juniors with your high school coach and figure out together how your Club season can support what you'd like to accomplish in the future.*

*You may choose to try to play the position and have the goals that your high school coach wants you to have. You may choose to consider your coach's ideas but decide to play a different position and have different goals. From Maine Juniors point of view, these decisions are yours. However, we highly encourage you to have that kind of discussion with your high school coach and to consider their suggestions. We will, in turn, encourage your Juniors coach to honor your decision to the extent possible. John Razsa, Maine Juniors Volleyball Club*
