

SportsEngine Instructions for Players

Link: <https://memberships.sportsengine.com/org/new-england-region-volleyball>

A parent/guardian must create the main account in SportsEngine. Please use a parent email address when logging in for the first time, and enter the parent's contact information and birthday on the main screen. A note on why, from SportsEngine: "To comply with the Children's Online Policy Act, you must be at least 13 years old to create a SportsEngine account."

Once the parent account has been verified, you may proceed with adding the player. You are able to add as many children/players as necessary.

20-21 NERVA Junior - 

Player

Full season junior player membership for both indoor and outdoor participation and eligible for all national level events.

Next, you will read and agree to a series of Agreements/Terms/Waivers on behalf of the player.

You will be asked to review the membership & associated fees. SportsEngine breaks down the amount given to NERVA and the amount given to USAV; the total (\$60) is the same as past years, it just looks different. You will receive two separate payment email notifications, as well as a "Welcome to NERVA!" email.

Note: You will be asked if the player wants to receive college recruiting information. If you select "Yes," you will be contacted quite frequently by NCSA. Maine Juniors offers recruiting services free-of-charge (recruiting@mainejuniors.org) so this can be left unchecked if you so choose.

**NCSA**
Next College Student Athlete™

Does  want to receive college recruiting information?

YES, I want to be contacted by NCSA regarding recruiting services for college volleyball. [Why am I seeing this?](#)

"Thank you for all of you and your team's work in putting great recruits in front of college coaches like me!"

-NCAA Women's Volleyball Head Coach

You will be emailed a free recruiting profile and a NCSA recruiting coordinator will contact you regarding services for college recruiting.
