Maine Juniors Summer 2019

SKILLS, DRILLS & COMPETITION CAMP

Join Maine Juniors Technical Director & Saint Joseph's College Head Coach Jon Roberts for this summer camp, designed primarily for varsity-level, high school players but also a good fit for athletic, competitive players of all ages and experience levels who believe they can compete at a high level and want to be pushed outside their comfort zone. Players should have a good base of defensive volleyball skills and the ability to safely handle strong serving and attacking by other players. Most activities will be score-driven with winners and losers and players should be able to receive constructive feedback. Younger and/or less experienced players need approval from John Razsa or Jon Roberts to attend.

\$175 BY MAY 16; \$195 BY JUNE 13; \$215 LATE REGISTRATION
